PROCLAMATION NO. 52

DECLARING THE FIRST WEEK OF FEBRUARY OF EVERY YEAR AS “PRE-NEED CONSCIOUSNESS WEEK”

WHEREAS, the concept of pre-need encourages a more confident outlook for the future through the anticipation of and the preparation for the eventualities of life;

WHEREAS, pre-need prepares Filipino families, individuals and communities for the future by providing them with products and services that address their needs even before these needs arise, thus allowing them to cope with the spiraling costs of living and dying;

WHEREAS, being one of the country’s rapidly growing businesses, the pre-need industry generates gainful employment and livelihood for hundreds of thousands of Filipinos, as well as long-term savings and revenues for government, thus serving as a major contributor to the social and economic development of our country.

WHEREAS, despite the services, benefits and contributions of pre-need to the social and economic well-being of our country and our people, there is a need to increase awareness and appreciation of the majority of our population about the concept of pre-need and the vital role it plays in securing the future and providing comfort and peace of mind;

NOW, THEREFORE, I, GLORIA MACAPAGAL-ARROYO, President of the Philippines, by virtue of the powers vested in me by law, do hereby declare the First Week of February of every year as “Pre-Need Consciousness Week”.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the Republic of the Philippines to be affixed.

BATANGAS, MINDORO AND PALAWAN**

WHEREAS, it is the policy of the State to ensure continuous, adequate and economic supply of energy with the end in view of ultimately achieving self-reliance in the country's energy requirements through the integrated and intensive exploration, production, management and development of the country's indigenous energy resources;

WHEREAS, appraisal and development drilling in the Malampaya field has confirmed the presence of recoverable reserves of 3.2 trillion cubic feet of natural gas and 118 million barrels of condensate, while additional volumes of oil-in-place (30 API) in excess of 200 million barrels of which some 30 million barrels are currently estimated to be recoverable are present in an oil rim below the gas;

WHEREAS, the development of indigenous petroleum resources is essential to the long-term stability of fuel and energy prices, as well as to national security and competitiveness;

WHEREAS, it is the Government's policy to promote the role of natural gas into the energy supply mix of the country by creating the conditions for a Philippine Gas Industry that economically serves a broad variety of users, including power plants, industrial, commercial and residential users;

WHEREAS, the proven gas reserves in the Malampaya field can provide clean fuel for up to 3,000 MW of combined cycle power plants for a period of more than 20 years;

WHEREAS, the development of the oil in the Malampaya field, if economically feasible, could translate to an initial production potential of 20,000 to 25,000 barrels per day, with a potential to rise to as high as 50,000 barrels per day by 2003 upon completion of the appropriate production facilities, the latter production being equivalent to 15% of the country's crude oil imports in 1999;

WHEREAS, the Malampaya Deep Water Gas-to-Power Project is the foundation for the new Philippine Gas Industry and will reduce dependence on imported fuel, create employment, as well as generate revenues and foreign exchange savings;

WHEREAS, the Project includes the following major components: (a) the installation of nine or more development wells and a subsea manifold in offshore Northwest Palawan to bring gas to a shallow-water platform; (b) the construction of a shallow-water platform to process the gas, and to separate and store condensate; (c) the installation of a catenary anchored leg mooring (CALM) buoy that will be used by tankers to lift condensate from the platform; (d) installation of the required flowlines from the wells to the offshore platform and the 504-kilometer pipeline on the seabed to connect the platform to the onshore gas plant in Batangas; (e) the construction of an onshore gas plant to treat and process dry gas prior to sale; (f)

the construction of associated pipelines to deliver gas to the buyers; and (g) a potential oil rim development;

WHEREAS, it is in the interest of the State that certain waters, submerged lands, and foreshore areas be reserved as safety and exclusion zones in order: (a) to protect public health, safety and the environment; (b) to secure the Project infrastructure from damage; and (c) to prevent disruptions in the availability of electricity from the power plants using Malampaya gas.

WHEREAS, in 1989, due to public outcry, the Government suspended all logging operations within Samar Island;

WHEREAS, being agriculturally-dependent, the life and survival of the Samarenos are intertwined with the fertility of their soil and the richness of their natural resources;

WHEREAS, the upliftment of the lives of Samarenos and their delivery from poverty can only be achieved through a more equitable use of and access to Samar Island's natural resources within the principle of sustainable development;

WHEREAS, in order to ensure the conservation and long-term protection of forest biological diversity while at the same time providing for the sustainable use and flow of forest products, biological resources and services to meet local community and national needs, there is an urgent necessity to establish the SIFR as a NIPAS protected area.

WHEREAS, peace-loving peoples of the world condemn such dastardly and deplorable acts of inhumanity;

WHEREAS, ever since the battle of Solferino in 1859, the need to protect the ultimate casualties of conflict – the civilians, the women, the children – remains a compelling need;

WHEREAS, as a manifestation of our absolute condemnation of genocide as a crime against all of humankind, and as a gesture of our solidarity with the people of Rwanda and Africa in remembering the untold grief brought about by the 1994 genocide in Rwanda, it is fitting and proper that the Philippines join the United Nations in observing an International Day of Reflection.
